Better than Sciavo

Not saying more until I firm it up just a little. But some state considered sterilizing a dwarf. Seems he was fucking all the retardo wenches in the institution, so they wanted to avert pregnancies.

The other dwarfs,his relatives,found out about it and picketed. Dem governor went there and they pissed on his shoes!

No! Not figure of speech. Actual. We're in negotiations to buy that video.

It'll just show stupid chaos? That's the point! Democrats are anti-life,and when they get to rule it's stupid chaos. We're party of life,party of business!

So...get ready to whip up the wackos. What? What if story doesn't really bear up? Wackos don't care. Hey! We throw the dart and draw the bullseye around it.

Anyway,love that core and get loved back. Forget that at our peril.
